GENERAL RULES AND REGULATIONS

All exhibitors agree to be bound by the rules and regulations of the Goshen Country Fair. The Fair Management reserves the right to amend or add to these rules and regulations as its judges may determine. The Fair shall have the sole discretion to determine whether, in its judgment, Exhibitors or Contestants may continue to participate in the Competitive Exhibits Program in the event that the Fair determines that any state mentor representation is not true and accurate, or that any action is inconsistent with the rules, standards and dignity of the Program.

EXHIBITS AND EXHIBITORS

1. Reasonable care will be taken to protect all exhibits on display from all injury and damage, but the Fair is not, in anyway, to be held responsible for accidents, loss or damage by water, fire, theft, or otherwise, whatever may be the cause or extent of the damage or loss.
2. Entries will be made according to classifications listed in this Premium Book.
3. 4-H Age Requirements: For the purposes of exhibiting, 4-H members must have passed their eighth(8th) birthday, but not have passed their nineteenth (19) birthday by January 1 of the current year. Exhibitors must be members of a regularly organized 4-H club, carrying a project in the field in which they wish to make entry, and be under the supervision of the Pennsylvania State University Cooperative Extension Service by July 1 preceding the fair.
4. FFA Requirements: FFA Exhibitors must show proof of membership prior to exhibiting.
5. Other Age Requirements: For purposes of exhibiting, non-4-H youth categories will be determined by the youth exhibitor's age as of the first day of the current year's fair. You the exhibitors must be at least 7 years old and no older than 18 years.
6. Fair Department Superintendents may enter exhibits in their own Departments, but neither they nor any other exhibitor may communicate with the judges during the time of determining the awards, except to answer questions posed by the judges.
7. The Fair reserves the right to cancel and show or contest, determine an exhibitor's eligibility to enter, and determine how many entries will be accepted from an exhibitor in the same class or, in the case of livestock, the same breed. Specific entry rules are indicated under each Department.
8. It shall be the responsibility of the exhibitor to make known the proper name of the article or breed of livestock, which is being entered.
9. Supervisors of a Department reserve the right of refusing to accept any exhibitor or entry. Furthermore, the Supervisors reserve the right to bar from competition any entry of decidedly inferior quality and those not possessing sufficient merit to warrant recognition. The Fair Management reserves the rights to remove any exhibit, or part of an exhibit, not worthy of viewing by the public.
10. No exhibit may be removed at any time before the close of the Fair except by consent of the Fair Management.

JUDGING AND PRIZES

1. Judges, with expertise in the competitive categories, will be looking for the best specimens.
2. Exhibitors should submit entries that are indicative of their best efforts.
3. Prizes, as listed, may be given for meritorious exhibits. In cases where there is no competition, judges may give an award such as they deem the exhibit is worthy to receive. Same rule applies where there are fewer entries in any class than the number of prizes offered. The judges may, at their discretion, award a ribbon or rosette.
4. Should any animal, which is awarded a prize, be disqualified the animals gaining the lower prizes shall move into the next higher position if, in the opinion of the judges, the animals are worthy of such prizes.
5. It is the responsibility of the Exhibitor to know the judging schedule. Stock must be shown in the ring in order to qualify for any awards, and must be in the ring promptly on call and a failure to comply with the order renders Exhibitors liable to be ruled out of the competition. No person shall be allowed in the ring while stock is being judged except the Judge, Supervisors and necessary attendants.
6. The decision of the judges shall be final in all cases except where a mistake, fraud, misrepresentation, or collusion, not discovered at the time of award, is proved. In such cases, the Exhibit Supervisor or Manager may make the decision. The case may be appealed to the Fair Management from whose decision there can be no appeal. All protests regarding the judging must be made in writing (signed by exhibitor) and must plainly state the cause of the complaint or appeal. Such protests must be filed at the Fair Office within (24) hours of the occurrence.
7. If award ribbons are stolen or destroyed, the exhibitor may receive a duplicate at the close of the Fair or show (to be supplied by the Fair free of charge).
8. All prize money will be paid by check. Exhibitor, or an alternate person who possesses assigned statement from the Exhibitor, must sign for the prize check. Exhibitors or alternate persons may be asked to show photo identification before claiming prize money. Any prize check will be mailed.

GENERAL LIVESTOCK HEALTH RULES & REGULATIONS

1. Also see specific Health Rules under each species' department.
2. The base date for computing health rules will be the opening day of the show.
3. Animal Owner or Care-taker Verification of Veterinarian- Client-Patient Relationship statement must be signed on the Livestock Entry form. The Fair will retain copies of the Entry Forms for a period of one (1) year.
4. It is required that all production agriculture species on the fairgrounds must also be accompanied by an approved "Certificate of Veterinary Inspection" (CVI). This includes animals in fair-sponsored competitive events and non-competitive exhibitions held on the fairgrounds during the Fair.
5. The Certificate of Veterinary Inspection (CVI) issued after May 1 is required.
6. Animals will not be admitted to the Fairgrounds without the proper CVI and the Animal Owner or Caretaker's Verification of Veterinarian-Client-Patient Relationship Statement signed on the Entry Form. These documents must remain available at all times during the Fair as additional inspections by the PA Department of Agriculture's veterinarian could be made.
7. All animals must be free of infectious and contagious diseases and a statement of this (preprinted on the CVI, requires veterinarian's signature) is required on the Certificate of Veterinary Inspection. Animals presented for exhibition maybe subject to inspection by show officials and/or veterinarians contracted by the Fair before they are permitted to be admitted to the fairgrounds or at any time while on the Fairgrounds. Livestock will be rejected if known to be or appear to be unhealthy, infected with or exposed to any contagious, infectious or external parasitic disease, or restricted by quarantine, or if health certification or identification documentation is not acceptable.
8. Official identification of animals is required.
9. All show animals should be held in isolation for at least 30 days after return to the herd of origin.
10. Use only grooming products that are approved for use on meat and dairy animals when fitting livestock entries for show.
11. The Fair is not, in anyway, to be held responsible for diseases or illnesses that exhibition livestock may become infected with following the Fair.
12. Before importing animals from a state or area that is quarantined to prevent the spread of disease, owners must contact the PA Department of Agriculture's Bureau of Animal Health and Diagnostic Services regarding imports from that state or area.

GUIDELINES FOR CARE OF ANIMALS

It is the responsibility of each exhibitor to care for animals in a manner that is responsible and ethical. The following are some guidelines for the treatment of animals exhibited at the show.

a) Restraining Animals

- i. Animals should be tied or penned in a manner that will not hurt the animal or restrict its breathing in any way.
- ii. Animals should be tied so that all four feet are firmly on the ground and they have enough room to stand comfortably and lie down.
- iii. Animals should be tied so that they are not able to injure animals tied near them.
- iv. Animals unaccustomed to each other should not be penned together.

b) Handling—any type of rough handling which could harm the animal is prohibited. The use of whips, canes, and show sticks should be restricted to showing only and then be used only to guide the animals, not punish them. *Remember, animals will respond quicker and better to quiet, gentle handling than loud, rough handling.*

c) Bedding—all animals should have bedding that is dry and clean. Pens should be cleaned regularly to keep the animals clean and comfortable. If non-traditional bedding such as carpeting is used, it should be regularly cleaned (at least twice daily) to keep the pen free from manure.

d) Feeding and Water—animals should be well fed and have access to clean water regularly. Realizing that many market animals must have restricted amounts of feed to maintain the proper weight, animals must be fed adequate amounts of feed to meet the animal's basic requirements. Animals not allowed reasonable access to feed and water will be disqualified from the show.

e) Transportation—animals should be transported in a way that is both safe and considerate of the animal's well-being.

f) Blanket/Sweat Collars—any type of material such as blankets or sweat collars should be large enough to permit normal body functions such as breathing, eating, drinking or lying down.

g) Health—it is the responsibility of the exhibitor to provide proper health care for their animals through routine inspection and consultation with healthcare professionals. The improper or illegal use of drugs or antibiotics is prohibited. If medication is indicated, be sure to follow the label directions and allow more than the stated withdrawal time.

CODE OF SHOW RING ETHICS

The Goshen Country Fair has developed a Code of Show Ring Ethics to curtail unethical, deceptive and fraudulent show ring practices.

Exhibitors of animals at the Fair shall at all times conduct themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at the livestock show.

All youth leaders working with junior exhibitors have a responsibility to do more than avoid improper conductor questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitor, and other responsible persons who violate the code of ethics will forfeit premiums, awards and may be prohibited from future exhibition in accordance with the rules adopted by the Fair Board.

The following is a guideline for all exhibitors and livestock in competitive events:

1. All exhibitors must present, upon request, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any fact relating thereto is prohibited.
2. Owners, exhibitors, or other responsible persons shall provide animal health certificates from licensed veterinarians upon request.
3. Junior exhibitors are expected to care for and groom their own animals while at the show.
4. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor and/or other responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Livestock shall not be exhibited if the drugs administered in accordance with federal and state statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of urine, saliva, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be evidence that such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and there port received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animals at the time the sample was taken, with the burden on the owner, exhibitor, or other responsible person to prove otherwise.

At any time, an animal arrives on the Fairgrounds, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animals shall be administered by a licensed veterinarian.

- 5.** Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hooves or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
- 6.** The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
- 7.** Direct interference with the judge, fair board, or other exhibitors before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges and show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
- 8.** No owner, exhibitor, or other responsible person shall conspire with another person or persons to intentionally violate this code of ethics, or knowingly contribute or cooperate with another person or persons either by affirmative action or in action to violate this code of ethics.
- 9.** The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, or other responsible person whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
- 10.** The act of entering an animal is the giving of consent by the owner, exhibitor, or responsible person to have disciplinary action taken by the Fair Board for violation of this Code of Show Ring Ethics.
- 11.** The act of entering an animal is the giving of consent that any proceedings of disciplinary action taken by the Fair Board may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
- 12.** The act of entering of an animal in the show is the giving of verification by the owner, exhibitor, or other responsible person that he or she has read the Code of Show Ring Ethics and understands the consequences of any penalties provided for actions prohibited by the code. It is further consent that any action which contravenes these rules and is also in violation of Federal and State statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
